The gain in deposits and loss in reserves was attributed to a new ruling of the clearing house in which members were no longer allowed to deduct from gross deposits amounts The initial rally carried leaders of due from foreign banks or subject to draft. WEEKLY FINANCIAL REPORT

NEW YORK, Aug. 27-Deflation of values in the securities market attained more impressive dimensions \$87.86; this week when nearly 40 different \$91.84; The weakness a statement of attorns for the year. The political element figured in the week's developments. Banking and basiness interests ex-pressed disappointment at failure of congress to formulate definite policies regarding railroads, tariff and taxation before recessing.

Rails were least affected and many excellent July statements of earnings were submitted. Pronounced diminution, however, of the recent demand for bonds and high grade stocks were generally attributed to absence of legislative relief.

Increase of production from early August low levels was reported in many basic industries. The notable exception was furnished by the steel and iron trade, where further reduction of price and wage scales exerted little influence.

Additional expansion of federal bank reserves and steady inflow of gold strengthened the impression that Rails were least affected and many

gold strengthened the impression that the final quarter of the year was likely to bring another reduction of rediscount and international rates.

Well informed bankers believed, however, that the attitude of the federal

southern points. Discussion of the foreign exchange situation revolved around Germany's additional reparations payments next week. In round figures these were estimated at one hundred million dol-lars, half of which may be deposited here, the balance probably going to Nevada Cons. London. Ray Cons.
